

# HIDDEN IN PLAIN SIGHT TELLING THEIR SECRETS

The program is modeled after the bedroom of a youth, from the clothing on the floor to the possibility of paraphernalia on the desk.

The room will be comprised:

- small air mattress and bedding
- clothing
- wall posters and pictures
- a small dresser/nightstand
- paraphernalia, fake substances & alcohol related items
- other culture-centric items

Paraphernalia, drugs, and the insignias that are associated with them aren't always obvious, and they change so fast that it can be difficult for anyone to keep up with.
