SPECIAL INITIATIVES:

Michael Ballard, MS Ed. Environmental Prevention Specialist

MISSION STATEMENT

The mission of this Council is to reduce the extent of alcohol abuse, drug abuse, and problem gambling, to reduce the future incidence of alcohol, drug and gambling addiction, and to reduce the incidence of alcohol/drug related problems experienced in society.

VISION STATEMENT

“The Council is committed to the increased awareness of health and safety issues regarding alcohol, tobacco and other drug use, abuse and dependency.

Our presence in the community is designed to change attitudes, beliefs and behaviors and to promote healthy lifestyles for communities, families and individuals utilizing research-based strategies.”

An Affiliate of the

Council Programs 2018

Community Education

The Council runs a Community Education Program in all 5 Counties that we serve. This program focuses on community residence from pre-school age to the elderly. We provide education in jails, schools, churches, youth groups, probation, DSS and anywhere else we can obtain an audience. Within this program we provide Evidence Based Programs (EBPs) such as Life Skills, Too Good for Violence, Too Good for Drugs and Violence, SPORT, Guiding Good Choices, and Anger Management; as well as a host of other single session educational speaking events on ATOD and gambling problem behaviors. These single session events are tailored in-house to meet the needs of the population being served. It is within the Community Education program that the Council also offers the ADPEP program, a six-hour court referred education program to first time offenders of the ABC laws for youth up to the age of 21. The five staff that run this program report to the Director of Programs for support, supervision and reporting.

Environmental Prevention

The Environmental Prevention program that the Council runs is also a 5 county program. This program is 100% EBP. Environmental Strategies include supporting coalition work in all 5 counties. Environmental Prevention focuses on changing community norms and policies surrounding ATOD and gambling issues. Within this program we work with coalitions to host community forums, work on school and legislative policies, work with media to reach as many people as possible in an effort to raise awareness and change community norms regarding the safety and dangers of alcohol, tobacco, other drugs, and gambling. We have one staff member covering this work in all five counties that we serve, this staff reports to the Director of Programs for support, supervision, and reporting.

Ontario County School Based Education

The Ontario County School Based Education Program is in 8 of the 9 Ontario County Schools. Victor is the only school not served by Council staff under this program. Through the School Based Education Program, staff works directly in the schools to provide EBPs such as Life Skills, Too Good for Violence, Too Good for Drugs and Violence, and SPORT. These staff members also serve as supervision for youth based support groups within the schools and provide other ancillary services such as single session speaking events in the classroom and assisting the schools with special events such as Red Ribbon Week, Mock Crashes, and other school assemblies. The Council employs 5 staff for this program, 3 are full time, 2 of those split time between 2 schools, one works full time in one school, the other two staff are part time; one of the part time staff only covers one school, the other splits time between 2 schools. All staff under this program report to the Ontario County Education Coordinator and the Director of Programs for support, supervision, and reporting.

Council Programs Continued . . .

NYS Problem Gambling Prevention Media Literacy Program

In 2015, the Council continued with the problem gambling prevention initiative, especially by sponsoring the New York Council on Problem Gambling's "YOU(th) Decide" Campaign, with special focus on (1) Presentations to Youth; (2) Youth Survey; (3) Media Literacy; and (4) Policy/Event Advocacy. This program is run by the five county Education Coordinators who report to the Director of Programs for support, supervision, and reporting. The Director of Programs reports all outcomes and budgets to the New York Council on Problem Gambling.

Yates and Schuyler Counties Youth Counseling Program

The Yates and Schuyler Counties Youth Counseling Program is a program that provides supportive services to youth in the school setting. These youths may not have counseling needs that qualify them to see the School Social Worker or School Psychologist; but instead need a trusted adult to talk to about problems in school and at home. These students are high risk students who may have a great deal of ATOD use in the home, have used themselves, or have other risk factors to indicate that they could use a little help getting through the school day without problems that hinder their academic progress. Some of these counseling sessions are in a group setting and many are one on one sessions. When it is appropriate, the Youth Counseling staff uses the EBP Teen Intervene, which is a 3 session brief intervention to set and achieve short term goals for the long term good of the student. The Counsel employs 5 Youth Counselors full time, two staff work in Watkins Glen School District, two staff work in Dundee School District, and one works in Penn Yan Elementary School. The Youth Counseling staff report to the Youth Counseling Supervisor and the Director of Programs for support, supervision, and reporting.

Wayne County Stop DWI Education Program

The Council is working closely with the Wayne County Sheriff's Department to provide the educational component of the Stop DWI Program. Through this program we offer educational initiatives including classroom presentations, assistance with the Wayne Victim's Impact Panel, a safe summer family campaign, Newark Pilot's Family Fun Night, offer TIPs Responsible Beverage Server training, safe boating campaign, etc. The staff working on this program is the Wayne County Education Coordinator, the Environmental Prevention Specialist, and the Director of Programs. The

Director of Programs reports to the  on programs and budget reports.

Council Programs & Services 2018

Programs for Youth:

Too Good For Violence: (Grade K-8) (Evidence Based Program) Grades K-2nd 7 sessions and Grades 3rd-8th 10 sessions.

YATES YOUTH COUNSELING PROGRAM 2018

The Youth Counseling Program is a New York State OASAS state-licensed program which specializes in providing assessment, counseling and educational services to at-risk and high-risk youth for:

- ❖ Alcohol or other drugs (and/or AOD related problems)
- ❖ School or home behavioral problems
- ❖ Family problems (including abuse) or problems because of parental addiction
- ❖ Relationship problems, attendance issues
- ❖ Academic problems and/or dropping out of school, and,
- ❖ Emotional problems, ex. self-esteem.

OUTCOMES: In 2018, the Yates Youth Counseling Program admitted 44 youth into the counseling program (four or more sessions), and had an **98% *percent improvement and/or successful completion rate*** where youth achieved progress in one-or-more of the areas for admission. There were 46 discharges from the counseling program and 1 unsuccessful discharges were due to student changing to home schooling before objectives could be reached.

The program also served another 80 youth who were seen for short term sessions (1-3 sessions) for crisis counseling, incidental or short term needs, or assistance. These students were discharged showing no need for further service(s).

In 2018, the Council provided the following services through the program:

ACTIVITY	SESSION	PARENTS	STUDENTS	TEACHERS	OTHER
Classroom Education Services	6	0	100	3	1
Small Group Session	186	0	722	30	5
Other Pro-Social Activities	1,106	82	2,047	501	681

Prevention Works!

SCHUYLER YOUTH COUNSELING PROGRAM 2018

The Youth Counseling Program is an OASAS state-licensed program which specializes in providing assessment, counseling and educational services to at-risk and high-risk youth for:

- ❖ Alcohol or other drugs (and AOD related problems such as DWI);
- ❖ Behavioral problems
- ❖ Family problems (including abuse) or problems because of parental addiction
- ❖ Relationship Problems, attendance issues
- ❖ Academic problems and/or dropping out of school, and,
- ❖ Emotional problems, ex. self-esteem.

OUTCOMES: In 2018, the Schuyler Youth Counseling Program admitted 56 youth into the counseling program (four or more sessions), and had *an 86% percent improvement and/or successful completion rate* where youth achieved progress in one-or-more of the areas for admission. There were 51 discharges from the counseling program and 7 unsuccessful discharges were due to students either moved out of the district before service plan goals were reached (4); stopped attending at their choice (1) or did not meet any service plan objectives (2).

The program also served another 36 youth who were seen for short term sessions (1-3 sessions) for crisis counseling, incidental or short term needs, or assistance. These students were discharged showing no need for further service(s).

In 2018, the Council provided the following services through the program:

ACTIVITY	SESSIONS	PARENTS	STUDENTS	TEACHERS	OTHER
Classroom Education Services	5	0	123	8	2
Small Group Session	16	0	43	0	0

ADPEP: Alcohol and Drug Prevention Education Program

The Alcohol and Drug Prevention Education Program (ADPEP) is a three session, 6-hour program developed in concert with the Alcohol Awareness Program for Youth legislation. It serves primarily as a brief intervention /educational model for adolescents and young adults ages 14 - 20, who are referred to the program by local justices, magistrates, probation or district attorneys either who have been arrested for: underage drinking, for fraudulent purchase, for possession with intent to consume alcohol, or unlawful possession of Marijuana (U.P.M.) School Officials have referred to this program when students and/or groups of students were caught drinking underage, and on occasion by concerned parents.

In 1991, the Council on Alcoholism was certified by the NYS OASAS to provide the Alcohol Awareness Program for Youth, consistent with the Alcohol Awareness Program Legislation. The program has been in existence since 2000 at this Council, and since its inception the program has served 1,636 students throughout the five counties central Finger Lakes region (Ontario, Schuyler, Seneca, Wayne, and Yates).

2018 ADPEP PROGRAM STATISTICS

2018 Summary	Number of Programs Delivered	Number of Participants
Ontario County	6	13
Schuyler County	5	5
Seneca County	5	8
Wayne County	6	10
Yates County	8	12
TOTAL:	30	48
YEAR	Number of Programs Delivered	Number of Participants
2018	30	48
2017	37	82
2016	30	81
2015	36	117
2014	28	130
2013	31	138
2012	23	90
2011	22	83
2010	26	87
2009	39	145
2008	44	153
2007	10	82
2000 through 2006	- NA -	400
TOTAL:	319	1,636

TOTAL ADPEP PARTICIPANTS (as of December 31, 2018,): 1,636

OUTCOMES: In 2018, 100% of ADPEP youth participants increased their knowledge about alcohol/drugs and risk factors, and 98 % had an improvement in attitude regarding use of alcohol/drugs.
